

CONSOLIDATED LIST OF CONSULTANCY PROJECT

Sl. No.	Consultancy Project Title	Funded Agency	Duration	Project Cost	status
1.	Design and Development of Automatic traverse winder with vision system and interleave paper for a stamping press”	T E Connectivity	1 Year	20,00,000.00	Completed
2.	Energy harvesting using Triboelectric Nano generator	T E Connectivity	1 Year	10,00,000.00	On Going
3.	Energy Regeneration using Micro Hydro turbine generation	T E Connectivity	1 Year	8,00,000.00	On Going
4.	Large power generation (energy recovery) using Bruderer machine	T E Connectivity	1 Year	8,50,000.00	On Going
5.	Characterization and Studies on Reclaimed Waste Foundry Sand as Aggregates In Building Product	Bhuwalka Castings & Forging Limited	1 Year	6,14,100.00	On Going
6.	Thermal Energy Auditing of Producer Gas and Kiln units of VRPL	Viswakarma Refractory Bricks	1 Year	6,00,300.00	On Going
7.	Electrical Energy Auditing and Management of BCFL	Viswakarma Refractory Bricks	1 year	5,65,800.00	On Going

CONSOLIDATED LIST OF CONSULTANCY PROJECT

The following 4 projects (in the final stages of approval) have been funded by Steel Strips Wheels Limited, which is a leading automobile wheel manufactures in India based in Chandigarh. All the projects are multidisciplinary and involves partial or complete automation.

8.	Design and development of automated vision system for inspection of quality of welding on wheels	Steel Strips wheels Limited	1 Year	3,40,000.00	On Going
9.	Design and development of automated vision system for inspection of Butt welding	Steel Strips wheels Limited	1 Year	3,80,000.00	On Going
10.	Design and development of automated vision system for inspection of Wheels on Hanger	Steel Strips wheels Limited	1 Year	4,00,000.00	On Going
11.	Design and development of automated assembly line for final inspection of product	Steel Strips wheels Limited	1 Year	5,00,000.00	On Going
