ABOUT THE INSTITUTION

R.V. College of Engineering (RVCE) established in 1963 is one of the earliest self-financing engineering colleges in the country. The institution is run by Rashtreeya Sikshana Samithi Trust (RSST) a not for profit Trust. RVCE is an Autonomous college. Currently, the institution offers 12 Bachelor, 21 Master Programs and all the departments have research centres, affiliated to Visvesvaraya Technological University (VTU) Belagavi. Ranked 49th in the Country by National Institutional Ranking Framework (NIRF) during 2016-17. The institution has been accredited by NAAC. All the UG programs and eligible PG programs have been accredited multiple times by NBA. The College currently has student strength of about 5600, faculty strength of more than 400, Technical & Administrative Staff of 256 and about 250 Research Scholars pursuing their Ph.D. Highly qualified and dedicated faculty are involved in Teaching, Academic, Research & Consultancy through Govt., Public sector and Private companies. RVCE utilizes its expertise in various disciplines to conduct Research and Development for Industry and Defence establishments in the country. RVCE celebrated its Golden Jubilee during 2013-14.

ABOUT THE CONFERENCE:

Increasingly, sophisticated techniques from Image Processing, Data mining, Analytics, Statistics and Natural Language Processing are being applied to challenges in security and privacy fields.

Analytics (SPA), will be held in Department of Information Science and Engineering, RVCE in association with Department of CSE and MCA.

This Conference aims to bring together researchers, engineers and practitioners from academia and industry working in three themes namely privacy, security and analytics, to present their latest findings and discuss their results and practical applications.

The conference is planned over two days.

The first day will consist of tutorials and hands-on sessions on the emerging challenges in Machine learning, Security and privacy areas.

The second day will be the presentation of state-of-the-art research papers and innovative approaches to practical issues around the main themes of the conference.

CALL FOR PAPERS:

Topics of interest covered by SPA-2018 include but not limited to the basic issues like Advancement, Application and Performance related original and innovative work in the following areas:

- Mobile Privacy and Security
- Intrusion Detection Internet Crime
- Digital Content Protection
- Privacy Issues in Social Networks
- Data Mining for security
- Machine Learning for security
- Security and Protocols for Wireless Sensor Networks
- Privacy preservation in Data Mining
- Natural Language Processing

INSTRUCTION TO AUTHORS:

Authors are requested to submit full paper in IEEE format not exceeding six pages. Submitted papers must be original unpublished research and recent developments in the topics related to the conference. Soft copies of paper should be mailed to id: spa2018@rvce.edu.in

PUBLICATION:

All the accepted and presented papers at the conference will be published in reputed journals and will be included in Indexing in Google Scholar, iScholar and J-Gate .
